Policy Document-SJCMS

Sukkur IBA Journal of Computing and Mathematical Sciences (SJCMS) is the international peer-reviewed, Open Access bi-annual (June and December) research journal that focuses on articles that contribute new results in all domains of computing and mathematics and is published by the Sukkur IBA University, Sukkur Pakistan.

SJCMS does not impose any article processing charges (APCs) or publication charges. Hence the publications are free of cost.

Sukkur IBA University is a non-profit public sector organization and all the journals published by the Sukkur IBA platform are funded by the university itself and Higher Education Commission.

Aim and Objectives:

SJCMS aims to publish cutting-edge original research in the field of computing and mathematical sciences. **The objectives of SJCMS are:**

1. To provide a platform for researchers for the dissemination of new knowledge.
2. To connect researchers on a global scale.
3. To fill the gap between the academicians and industrial researchers community.

Submission Policy:

The **SJCMS** provides an interdisciplinary platform for researchers, scientists, practitioners, and academicians for publishing their research findings to the recent technological advances and innovations in the area of Computing and Mathematics for dissemination at a global scale. Hence, regular submissions are welcome in all areas of specified domains. Please read the Submission Policy carefully before making submissions. Further details about submission may be found in Submission Guidelines.

SJCMS welcomes regular manuscripts submission (up to 20 pages including reasonably-sized figures and references) prepared in accordance with the requirements of the Journal.

Submissions must include all of the following elements: Title of the paper, abstract, keywords, illustrations, and bibliography. References should adhere to the IEEE standards, which have already been defined in the template of SJCMS. Figures and tables must be sized as they are to appear in print. Figures should be placed exactly where they are to appear within the text.

Figures not correctly sized will be returned to the author for reformatting. Further details about submission may be found in Submission Guidelines.

Plagiarism Policy

SJCMS strictly follows the HEC guidelines regarding the Plagiarism Policy. Each manuscript will be scrutinized for originality check by Turnitin. Please read the Plagiarism Policy before submission.

SJCMS strictly follows the Higher Education Commission's (HEC) guidelines regarding the Plagiarism Policy. Each manuscript will be scrutinized for originality check by **Turnitin**. As per HEC policy, in case a manuscript has been found to have a similarity index of more than 18% it will be immediately either returned to the author for correction and resubmission or will be rejected and archived.

Please note that the parameters for similarity check involve, Add to No Repository, Exclude Bibliography, Exclude Quoted Text.

Preliminary Published / Conference Version(s)

If any portion of your submission has appeared or will appear in a conference or workshop, you should inform us of this and make sure that the submission references the conference publication, and supply a copy of the conference paper to us. Also, please provide a brief description of the differences between the submitted manuscript and the preliminary paper.

Please be aware that editors and reviewers are required to check the submitted manuscript to determine whether a sufficient amount of new material has been added to consider for publication in SJCMS. One of the key requirements is that authors should only submit original work that has neither appeared elsewhere for publication, nor which is under review for another refereed publication. If authors have used their own previously published material as a basis for a new submission, they are required to cite the previous work(s) and very clearly indicate how the new submission offers substantively novel or different contributions beyond those of the previously published work(s). Any manuscript not meeting this criterion will be rejected. Copies of any previously published work affiliated with the new submission must also be included as supportive documentation upon submission.
